

GALA

Sculptural Chandelier

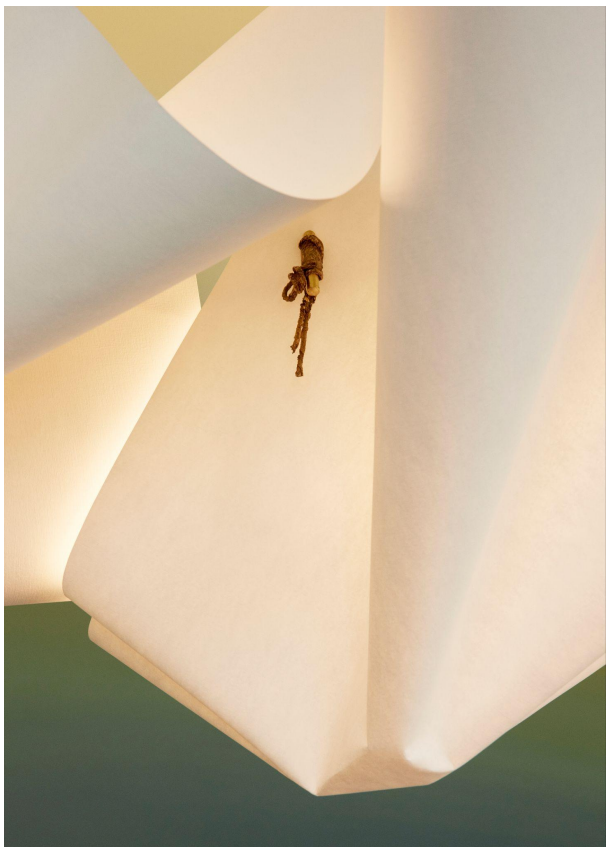

W H I T E D I R T

GALA is a family of light installations inspired by the fluid forms and dream-like juxtapositions of the surrealists. One-of-a-kind cast brass connections, fabricated by a lost wax technique, gently suspend glowing paper shells in mid-air.

GALA Chandelier was first commissioned by Chroma and developed for their SF Decorator Showcase dining room in 2023.

Handmade in San Francisco.

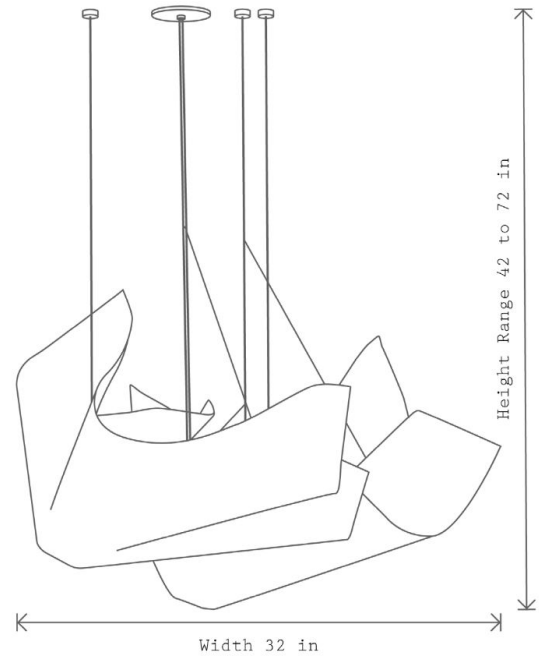

GALA Chandelier

Materials: Speciality paper and brass

Canopy: 5.25 in (diameter)

Fixture: 48L x 32W x 50H in

Overall height: 42-72in from ceiling
